WDBS

October 11, 1949.

Mr. John Gambling, Jr.
Radio Station WDBS
Dartmouth College
Hanover, N.H.

Dear John:

I guess it's coming near the time when we should start thinking about the discussion held here last year concerning trading of transcribed interviews.

We are commencing to make arrangements to have Joe Smith, who directs our sports department, interview Herman Hickman and Levi Jackson on the Tuesday or Wednesday before each of the Dartmouth, Princeton, and Harvard games. It is my hope that we shall be able to have the coach and captain each time, but should that prove impossible we'll make decent substitutions.

I would appreciate you views as to the length of the program. Our regular interview show comes on Monday nights, excluding our usage of any of these transcribed interviews in the customary time. Actually we could use a fifteen minute program from you. Naturally we will do it either way you desire from this end.

It was my intention to get in touch with you towards the end of the summer vacation while I was home in New York, but it was one of those things I never got around to. I have relatives who listen to W O R every morning, and are thus able to keep me posted on your whereabouts and activities, or as many of them as your father cares to divulge.

I hope to see you and some of the rest of W D B S here for the Yale-Dartmouth game this year. Whether you are broadcasting or not you are very welcome in our booth during the game.

Cordially,

Howard Eaton, Jr.

Ass't Program Director
